The Child Safe policies and procedures of the standards are:
A child-safe culture
The school’s culture encourages staff to raise, discuss and scrutinize concerns making it more difficult for abuse to occur and remain hidden. The school’s documentation for creating a child safe culture can be found on the website at http://wantirnasouthps.vic.edu.au/about-us/school-policies/.

Human resources practices and training
The school applies best practice standards in the recruitment and screening of staff, and will take all reasonable steps to ensure that it engages the most suitable and appropriate people to work with children. We will ensure that staff induction, education and training programs are a vital part of our commitment to safeguarding children and young people from abuse and neglect. All prospective staff and volunteers are required to undergo National Criminal History Records check and maintain a valid Working with Child Check. The school’s approach to human resource practices that ensure child safety can be found on the website http://wantirnasouthps.vic.edu.au/about-us/school-policies/.

Personnel understand their roles and responsibilities/Code of Conduct
School leaders and managers will ensure that each person understands their role, responsibilities and behavior expected in protecting children and young people from abuse and neglect. Staff will comply with the school’s Code of Conduct. The school’s Code of Conduct sets out clear awareness of the difference between appropriate and inappropriate behavior.

Reporting of child safety concern or complaint
The school has clear expectations for staff and volunteers in making a report about a child or young person who may be in need of protection. Immediate action should include reporting their concerns to the DHHS Child Protection or another appropriate agency and notifying the principal or a member of the school leadership team of their concerns and the reasons for those concerns. The school will take action to respond to a complaint. The school’s policy and procedures for reporting a child safety concern or complaint can be found on the website at http://wantirnasouthps.vic.edu.au/about-us/school-policies/.

Risk reduction and management
The School believes the wellbeing of children and young people is paramount, and is vigilant in ensuring proper risk management processes. The school recognises there are potential risks to children and young people and will take a risk management approach by undertaking preventative measures. The school’s approach to Child Safety risk reduction and management can be found on the website at http://wantirnasouthps.vic.edu.au/about-us/school-policies/.

Listening to children
The school has developed a safe, inclusive and supportive environment that involves and communicates with children, young people and their parents/carers. We encourage child and parent/carer involvement and engagement that informs safe school operations and builds the capability of children and parents/carers to understand their rights and their responsibilities.

When the school is gathering information in relation to a complaint about alleged misconduct with, or abuse of, a child the school will listen to the complainant’s account of things and take them seriously, check understanding and keep the child (or their parents/carers) informed about progress.

Confidentiality and privacy
This school collects, uses and discloses information about particular children and their families in accordance with Victorian privacy law. The principles regulating the collection, use and storage of information is included in the School Privacy Policy.

Policy Evaluation and review
To ensure ongoing relevance and continuous improvement, this policy will be reviewed in the context of school self-evaluation undertaken as part of the school accountability framework. The review will include input from students, parents/carers and the school community.
