COMMUNITY USE OF SCHOOL FACILITIES

Rationale

To encourage community involvement and provide funds for the school, our resources and facilities should be made available, when practicable, to the wider community.

Expectation

Based on this rationale the expectations of this policy are to -

- encourage community use of school resources and facilities in the school;
- assist in raising funds for the school;
- ensure the school shall have priority in the use of its facilities

Implementation

Consistent with these expectations, this policy shall be implemented according to the following guidelines:-

- conditions of use will be established by the School Council;
- a contract of hire, consistent with the conditions of use, will be agreed by the Principal and ratified by School Council and completed by the user prior to using the facilities;
- a scale of fees shall be determined by the School Council.
